

Important Notice

Starting face-to-face classes

Dear International Master and PhD students please note that your face to face classes will start from Monday 22nd November, 2021 at University of Tabriz, except the classes of the new master students of this year which will continue to be online.

- All international post graduate students should be present in person from Monday 22nd November 2021, at University of Tabriz.

- Please pay attention that:

- All face to face students must present a certificate of injection of both doses of vaccine to the respective department of educational affairs of the relevant faculty.
- Vaccine certification is also required for dormitory use and nutrition.
- All those master classes that in them are both new master students of this year and master students of previous years will continue to be online as before, up until our next notice.
